All this is brought to life when he gets the girl to dig the things she likes, but that's when the zombie shows up to get everything. This movie really is something really fun and there is no doubt that Dante is able to mix all these elements together into something really special. There is no doubt that one of the biggest benefits is that the cast is so large. Even the love triangle works extremely well, thanks in large part to the direction and the cast members are so big. This movie works on practically all levels because it's funny.
